

LAWYER INSURANCE

The practice of law comes along with tremendous responsibility. Your clients put their trust in you, often when they are at their most vulnerable.

But even the most experienced and devoted lawyers are not immune to errors or omissions that can lead to client dissatisfaction or financial loss.

The right type of coverage can protect you and your law practice from the potentially devastating consequences of such claims. Lawyer insurance offers a safety net that helps mitigate the risks associated with legal practice, ensuring that you can focus on your clients' needs while maintaining peace of mind.

Errors and Omissions Insurance

This coverage, also known as legal malpractice insurance, protects lawyers from claims arising due to professional negligence, errors, omissions, or breaches of duty while providing legal services.

Workers' Compensation Insurance

If a law firm has employees, workers' compensation insurance is typically required. It provides coverage for medical expenses, lost wages, and rehabilitation costs for employees who suffer work-related injuries or illnesses.

Liability Insurance

General liability insurance provides coverage for bodily injury, property damage, or personal injury claims that may arise from accidents or incidents at the law firm's premises or during business operations.

These are some of the most popular lines of insurance for attorneys and professionals in the legal field, but your coverage options don't end there. The licensed insurance advisors at Magaya Insurance Services can perform a comprehensive risk assessment to ensure your protection is optimal.
